

## **ACKNOWLEDGMENTS**

The success of the Fairfield Community Access Project was due to the support and commitment of a great number of people: Caroline Lagos, the Project Co-ordinator, undertook the research and community consultations, implemented the pilot initiatives and prepared this report. She was a dedicated advocate for the project and her skills and enthusiasm motivated others. The support of Greg Gosling, Clerk of the Court, and other staff at Fairfield was integral to the success of project, as was the active involvement of the departmental liaison officers, Anne O’Connell from Local Courts, and Danny Sekel and David Evanian-Thomas from the Ethnic Affairs Commission.

The expertise and advice provided by the reference group made a valuable contribution to the project. Thanks go to
