

Annual Report EAPS Compliance

The following information summarises how agencies have complied with the requirements of annual reporting legislation. It is based on information supplied to the Community Relations Commission by agencies in their annual reports.

LEGISLATION AND REGULATIONS

Departments and statutory authorities are required to comment in their annual report on the implementation of ethnic affairs policies.

The requirement is contained in annual reporting legislation as follows:

Annual Reports (Departments) Act 1985

Annual Reports (Departments) Regulation 2005

and

Annual Reports (Statutory Bodies) Act 1984

Annual Reports (Statutory Bodies) Regulation 2005

Schedule 1 of the regulation for departments requires *a statement setting out the progress in implementing the Department's ethnic affairs priorities statement, the key ethnic affairs strategies proposed by the Department for the following year and information as to the ethnic affairs priorities statements of any bodies reporting to the Department.*

A similar regulation applies to statutory bodies.

The *Accounts and Audit Determination for Public Health Organisations* requires public health organisations to include information on ethnic affairs priorities in their annual reports.

Compliance with regulations

The following agencies met the requirements of the regulations, that is, where appropriate they reported both on progress made in implementing the agency's Ethnic Affairs Priorities Statement in the past year, and on key ethnic affairs strategies proposed for the following year:
